WELCOME ABOARD

Your private residence on the sea

AINO is the newest expression of Sunseeker's celebrated 90 Ocean — a 2025 yacht offering interior volume comparable to a Sunseeker 116 Yacht, in a hull that slips into harbours a 35-metre never could. Her Shadow Grey hull turns heads in every port; her sun-drenched decks and penthouse-style saloon are where the holiday actually happens.

With four beautifully finished cabins for eight guests and a professional crew to look after every detail, AINO is made for one thing: days you will talk about for years.

LIFE ON DECK

Chase the sun from bow to beach club

Mornings on the vast foredeck sunpads with coffee and open horizon. Long lunches on a flybridge 25% larger than anything in her class, with wet bar, grill and chilled glasses. Afternoons at anchor off Comino, where the 6-by-4-metre Beach Club and X-TEND sunbeds fold out to put you at the water's edge.

When the sun dips, the aft cockpit becomes the Mediterranean's best-placed lounge — privacy screen up, lights low, underwater lighting on.

THE X-TEND SYSTEM

A beach club that transforms around you

AINO carries Sunseeker's ingenious X-TEND system. At the touch of a button, the platform's forward doors fold out electrically into two large sun-loungers at the water's edge — or rise to face the covered cockpit, the glazed stern rails bi-folding aside to turn the entire aft deck into one open terrace.

Add the six-by-four-metre Beach Club, hydraulic bathing platform and tender garage, and the stern of AINO delivers the waterline living you would expect of a Sunseeker 116 Yacht — on a 27-metre that anchors where the big boats can't.

THE INTERIORS

A penthouse, afloat

AINO's main-deck saloon measures a remarkable 8.8 by 5.6 metres — space you would expect aboard a Sunseeker 116 Yacht. A genuine penthouse living room with panoramic glazing, a sky-roof, and interiors in smoked eucalyptus with stone and soft textural layering.

Dine for eight beneath the skylight at the full-stone table, or slide the doors back and let the saloon, cockpit and sea become one space. A 65" cinema screen, zoned surround sound and a 34-bottle wine cooler complete the evening.

REST & RETREAT

Four cabins, eight perfect nights' sleep

The full-beam master stateroom is a sanctuary — breakfast seating by the glazing, walk-in wardrobe, ensuite in polished porcelain and a 55" screen for lazy mornings. Forward, the VIP suite enjoys the same standard of finish.

Two further guest cabins convert from twins to doubles in moments, so the layout adapts to families, couples and friends alike. Every bed carries a sprung mattress; every cabin its own ensuite and entertainment.
